Economics and management of Innovation, Course: Computer Embedded System, Department of Information Engineering, Pisa University	2014 -2020																						
TEACHING EXPERIENCE	Internal courses (SSSA) Undergraduated - Introduction to quantitative analysis 2021-																						

- Consumer behaviour in Covid era 2021-

Phd in Management

- Information asymmetry and its effects 2019-
- Game theory 2017-

International Summer School on Regulation of Robotics in Europe

- Health Technology Assessment of Robotic Technology July, 6, 2018
I - Introduction and II Advanced
- Robotics and Unemployment July, 7 2017
- Challenges and Constraints in Producing, July 14 2016
Assessing and Transferring the Value of Assistive Robotics

Others

- Economic assessment of medical technologies 2016 -
and robotics for healthcare
- Economic Evaluation of Health Care Technologies November 2014
Master: "Smart Solutions - Smart Communities (SSSC)"

University courses

- The 2020 Seminars in Neuroscience and Food choice, 18 hs. 2020-2021
Faculty of Pharmacy, Pisa University (organiser and lecturer)
- Economics and Management of healthcare technologies, 20 hs 2012 - 2018
Faculty of Biomedical Engineering, Pisa University
- Economics of the healthcare sector, 20 hs. 2012 -
Faculty of Medicine, Pisa University
- L'importanza di una corretta acquisizione dei dati May 2016
al fine di una corretta stima economica.
Course: Elaborazione dati e Segnali Biomedici II,
Sapienza, University of Rome, 4 hs

Others

- Impact of the Monti decree on drug distribution Spring 2009
SIAF International School for Advanced Education
- New governance and the organisation of Spring 2008
the pharmaceutical distribution system
SIAF International School for Advanced Education
- The economic impact of new service Nov. 2007 - April 2008
in drug stores
SIAF International School for Advanced Education
- Marketing and business strategies Feb.-March 2007
Fabrica 136-Pon-Tech

INSTITUTIONAL POSITIONS

Member of the Scuola Superiore Sant'Anna organising committee 2020
of the 2020 SINERGIE-SIMA Management Conference, Pisa

PhD In Management - Innovation, Sustainability 2018 -
and healthcare, faculty member and member of the
the selection committee
Institute of Management, Scuola Superiore Sant'Anna

Member of the selection committee 2017
2nd Summer School on The Regulation of Robotics in Europe:
Legal, Ethical and Economic Implications
Scuola Superiore Sant'Anna.

Vice President of the ISPOR student chapter.	2014-2015
Treasurer of the ISPOR student chapter at Scuola Sant'Anna	2013 - 2014
Representative of the Institute of Management Post-Doc Researchers Institute of Management council, Scuola Superiore Sant'Anna	2014 - 2016
Representative of the PhD-Students in Economics and Management, Social Science Department, Scuola Superiore Sant'Anna	2008-2009

EDUCATION

University education

Ph.D. Management, Competitiveness and Development Scuola Superiore Sant'Anna, Pisa Topic: Economic implications of market deregulation. The Italian OtC retail market. Advisors: Prof. Giuseppe Turchetti and Prof. Riccardo Varaldo. Final score: 100/100 magna cum laude	2007 - 2010
M.A. Management of Innovation Scuola Superiore Sant'Anna, Pisa. Topic: Scenario analysis for future business. Advisor: Prof. Andrea Piccaluga	2004 - 2005
B.A. (Laurea) Economics, Statistics and Social Science Bocconi University, Milan Thesis: Bayesian and non-Bayesian updating in decision making Advisors: Prof. Aldo Montesano, Prof. Fabio Maccheroni	1999 - 2004

Specialization courses

DES Simulation for Economic Analyses I-II Milan (IT), ISPOR. Advisors: Prof. J. Jaime Caro, Prof. Jürgen Möller	Nov. 9, 2015
Management of No-profit Clinical Trials Genoa (IT), CISEF, Gaslini Institute	Jan. 29, 2015
Bayesian Analysis and application in Health Economics I-II Amsterdam (NL), ISPOR. Advisors: Prof. Christopher S. Hollenbeak, Prof. Keith R. Abrams.	Nov 9, 2014
Economic Evaluation of Health Care Programmes Turin (IT), SIFO. Advisors: Prof. Michael F. Drummond, Prof. Mark Sculpher, and Prof. Andrea Manca.	July 17-19, 2014
Clinical trial in Pediatrics and for Rare Diseases Genoa (IT), CISEF, Gaslini Institute. Advisors: Ornella della Casa Alberighi, Romano Arcieri.	Dec. 18-20, 2013
Philosophy of technology Milan, Bocconi University. Advisor: Prof. Emanuele Severino	Nov. 2001 - June 2002

RESEARCH INTERESTS

Innovation and technology diffusion; decision making and problem solving models and simulation; HTA and business models for health technology; neuroscience and decision making in marketing and economics.

Tablet 2021-2023
Project financed by Tuscany Region.
The objective is to develop and assess new organisational models for managing and (tele) rehabilitate neuro-motor and language skills of adolescents with innate or acquired developmental disorder in Covid-19 era.
Role: PI of the Scuola Superiore Sant'Anna Unit.

Cyberlegs ++ 2016-2018
Project financed by the Horizon 2020 EU Program.
The objective is to validate the potential clinical efficacy of the use of the powered robotic ortho-prosthesis developed within the framework of the FP7-ICT Cyberleg project as a means to enhance/restore the mobility of dysvascular transfemoral amputees and to enable them to perform locomotion tasks such as ground-level walking, walking up and down slopes, climbing/descending stairs, standing up, sitting down and turning in scenarios of real life. Our effort is focused on the HTA of the proposed solution.
Role: project manager of the economic research activities of the Scuola Superiore Sant'Anna Unit-IDM and coordinator of the Innovation Management Panel.

Vostars 2016-2018
Project financed by the Horizon 2020 EU Program.
In this project, we identified in a hybrid video-optical see through HMD, a versatile solution for delivering augmented reality (AR) in different surgical scenarios. Video-optical see through AR system (VOSTARS) will be the first hybrid see-through HMD able to provide case-specific AR visualization modalities. We are involved in the HTA of the proposed technology.
Role: project manager of the economic research activities of the Scuola Superiore Sant'Anna Unit

Race 2016-2018
Regional project (Tuscany) on the diffusion of e-health technologies and on the assessment of their economic and organizational impact.
Role: project manager of the research activities of the Scuola Superiore Sant'Anna Unit. The project has been selected as one of the best practices of integrated care in Tuscany and presented during the "European Commission Week of the Regions & Cities, 2020".

Fomemi 2016-2018
Project Title: Sensori e strumenti a tecnologia fotonica per Medicina e Minima Invasività.
Funding Institution: Tuscany Region.
Role: coordinator of the economic research team of the Scuola Superiore Sant'Anna Unit involved in the project.

Ottimizzazione dell'organizzazione della logistica farmaceutica 2016-2017
Project sponsored by SIFO (Società Italiana Farmacisti Ospedalieri), FIASO (Federazione Italiana delle Aziende Sanitarie Ospedaliere), ASSORAM (Associazione degli operatori commerciali e logistici)
Role: project manager of the economic research activities of the Scuola Superiore Sant'Anna Unit.

ADI 2012-2015
Effectiveness and cost-effectiveness of new organizational integrated home care models. Funding Institution: Italian Ministry of Health.
Role: member of the research team of the Scuola Superiore Sant'Anna Unit involved in the project.

Assobiomedica 2016-2018
Analysis of the Italian Production and research innovation system in the market of medical devices.
Role: member of the research team of the Scuola Superiore Sant'Anna Unit involved in the

project.

Eern-Reconnet 2017-2021
Economic and organizational implications of an European reference network for the management of rare diseases. Funding institution: European Commission.
Role: project manager of the research activities of the Scuola Superiore Sant'Anna Unit

Economic Evaluation of Single Incision Laparoscopic Surgery 2012-2015 Funding Institution: Italian Ministry of Health.
Role: member of the research team of the Scuola Superiore Sant'Anna Unit involved in the project.

Implementation of Chronic Care Model 2014-2016
Implementation of Chronic Care using Tele-care and Home care, in patients with multiple comorbidities: evaluation of the cost-effectiveness and quality of life (Funded by Italian Ministry of Health; code RF-2011-02350801). The principal aim was to develop Health Care management models (i.e. CCM) supported by the use of low cost Tele-care tools (telemonitoring with registration of clinical data on the GPs Electronic Health Records). The second aim was to assess the impact of Tele-care on quality of care, health related QoL, costs and equity of access to healthcare services on community living disabled elderly people with chronic health conditions.
Role: project manager of the economic research activities of the Scuola Superiore Sant'Anna Unit.

Etla 2013-2015
Value creation and capture of intangible capital. Partners: ETLA (The Research Institute of the Finnish Economy, Finland), Kellogg School of Management of the Northwestern University (USA), Duke University (USA), Scuola Superiore Sant'Anna (Pisa, Italy). Funding Agency: Tekes (The Finnish Funding Agency for Technology and Innovation).
Role: member of the research team of the Scuola Superiore Sant'Anna Unit involved in the project.

Robot-Era 2012-2015
RobotEra Project (FP7-288899). Project title: Implementation and integration of advanced Robotic systems and intelligent Environments in real scenarios for Ageing population: specific attention is devoted to the evaluation and the assessment (effectiveness, cost-effectiveness and quality of life) of novel technologies developed in the project, in a Health Technology Assessment (HTA) perspective. Funding institution: European Commission (FP7 Program).
Role: project manager of the research activities of the Scuola Superiore Sant'Anna Unit, involved in the robotic platform HTA, and in designing the market and business models.

Impact 2012-2014
HTA and analysis of the clinical decision making changes of portable ultrasounds for general practitioners. Funding institutions: Tuscany Region, Esaote s.p.a..
Role: project coordinator.

Radicea 2011-2015
Radices Project, No. 40-41800-98-007 ERA-NET PrioMedchild: New drugs for rare diseases: cost-effectiveness modelling in cryopyrin associated periodic syndromes (CAPS). Project sponsored by AIFA - Agenzia italiana per il Farmaco (I), and ANR - Agency Nationale de la Recherche (F).
Role: project manager of the economic research activities of the Scuola Superiore Sant'Anna Unit.

Allegria 2013-2015
Twenty-four month, multicenter, prospective, randomised, double-blind, placebo controlled,

parallel-group study to evaluate the efficacy, safety, tolerability, and cost-effectiveness of allergen specific sublingual immunotherapy (SLIT) in combination with standard of care (SoC) in pediatric allergic asthma.

Role: member of the economic research activities of the Scuola Superiore Sant'Anna Unit.

Analisi di impatto economico ed industriale 2008-2010
e strategie di valorizzazione dell'insediamento Alenia Composite
Grottaglie (TA)

Scuola Superiore Sant'Anna, Finmeccanica, Alenia Aeronautica, Boeing.

Role: project manager of the research activities of the Scuola Superiore Sant'Anna Unit.

L'erogazione in farmacia di servizi 2008
integrati con il SSR. Analisi dell'impatto economico - organizzativo.

Scuola Superiore Sant'Anna, U.R.TO.FAR..

Role: project manager of the research activities of the Scuola Superiore Sant'Anna Unit.

Gli Scenari di sviluppo della G.D.O. nel mercato O.T.C. 2006

Scuola Superiore Sant'Anna, Parma University, Boeringher-Ingelheim.

Role: project manager of the research activities of the Scuola Superiore Sant'Anna Unit.

Extensive experience in the design and writing of research proposals in response to regional, national and international (FP7, H2020 EU programs) calls
