## Summary

Andrea Morone is Full Professor of Public Finance at the Università degli Studi di Bari Aldo Moro with a strong interest in individual and group decision making under risk and uncertainty, with a particular emphasis on the use of experimental methods in the laboratory and in the field. In the last years he has worked on problems related to: (i) herd behaviour in financial markets; (ii) experimental finance; (iii) market and mechanism; (iv) cooperation and coordination games (i.e. prisoner dilemma; traveller dilemma; public goods; and guessing game). He

published more than 40 articles in scientific journals and books. He is director of the ESSE laboratory of experimental economics at Bari University. Andrea is member of the Editorial Boards of *Journal of Economic Interaction and Coordination* (Springer); *Bulletin of Economic Research* (John Wiley & Sons); *Energy Sources, Part B: Economics, Planning and Policy*; *Special Issue "New Energy Downstream: Emerging business models and innovative best practices"*, 2020; and was referee for the most important economics journals.
